THE CHEERFUL CHERUB

We wander through life
so unsystematized,
We don't know quite what
we are at.
Well get straightened out
on the astral plane though.
And there's some
satisfaction in
that.

Education and the New World

The old world must and will come to an end, but it is to come in the building of a new world and not by a sudden cataclysm. There will be simply a revision or a succession of revisions until the old has become new.

Education is the process of conquering one's environment. The widening of that circle should end only with life. Every day should the world be made new by some new acquisition of truth.

LESSON FOR MARCH 26

REVIEW

GOLDEN TEXT—The Lord is righteous in all His ways, and holy in all His works.—Psalm 146:17.
DEVOTIONAL READING—Psalm 130.
PRIMARY TOPIC—Favorite Stories of the Quarter.
JUNIOR TOPIC—Israel's Heroic Prophets.
INTERMEDIATE AND SENIOR TOPIC—Estimate of Elijah, Elisha, Jonah and Amos.
YOUNG PEOPLE AND ADULT TOPIC—Social Teachings of the Quarter's Lessons.

The method of review will largely be determined by the taste of the teachers and the grade in the school concerned. To the writer's taste, two good methods are available: the biographical and the summary. In using the biographical, the lives of four great prophets, Elijah, Elisha, Jonah and Amos may be considered. These four men are connected with nearly all the lessons of the quarter. This method can be used to good advantage in nearly all the grades of the school. In the summary method the principal fact of each lesson with its leading lesson should be set forth. This method can be used to good advantage in the adult departments. The following is a suggested summary:

Lesson I. Rehoboam refused to grant the request of the people for the lightening of the burdens of taxation. Because of this ten tribes under the leadership of Jeroboam revolted and formed another kingdom. The most effective cure for social and political unrest is justice by the rulers to those ruled.

Lesson II. Elijah, after announcing to Ahab the withholding of rain for a term of years, fled and was fed by the ravens and by the widow at Zarephath. God adapts himself to the circumstances of His servants, and sometimes in the most unlikely ways provides for His own.

Lesson III. At the request of Elijah, Ahab called the people together to witness a supreme challenge of Baal worship. Faith in God will stand the most severe test. The fire of God is the unfailing sign which differentiates true from false religion.

Lesson IV. Elijah, though brave before the 450 prophets of Baal, fled for his life from Jezebel. God dealt most gently with his discouraged servant. We should learn from this that frequently we fall in our strongest point.

Lesson V. Naboth refused to sell his vineyard to Ahab, whereupon through Jezebel's plot he was murdered, and Ahab took possession. Nations and kings should respect the rights of individuals.

Lesson VI. When Elijah's work was finished, God took him to heaven by a whirlwind. Elijah had once requested death, but God had a better way for him to go to heaven than by way of death.

Lesson VII. The Shunammite woman, seeing Elisha passing by on errands for God, was moved to provide a comfortable lodging for him, whereupon Elisha sought to recompense her by promising that God would give her a child. Not infrequently has the prophet's chamber brought blessing to the home.

Lesson VIII. At the command of Elisha, Naaman dipped himself seven times in the Jordan and was healed of leprosy. In order to be healed of the leprosy of sin, human pride and vanity must be put away and obedience rendered to God.

Lesson IX. The king of Assyria sent a great army to apprehend Elisha because he had repeatedly informed the king of Israel concerning the movements of the Assyrian army. When the Lord opened the eyes of Elisha's servant, he beheld the mountains filled with horses and chariots of fire. "The angel of the Lord encampeth round about them that fear him, and delivereth them." "Lord, open our eyes!"

Lesson X. At the preaching of Jonah, the wicked city of Nineveh repented and God showed mercy. God's mercy and forgiveness should move us to preach the gospel to the heathen.

Lesson XI. The children of Israel prided themselves in their security and gave themselves to luxury and sensual indulgences. God sent Amos to warn them of the judgment which must follow. The Lord will bring the ungodly to judgment for their ungodly living.

Lesson XII. In due time the prophecy of Amos came true. The Assyrians came and carried the children of Israel into captivity, from which they never returned. Rejection of God and the despising of His worship will be followed with judgment and destruction.

Mockery.

There is no mockery like the mockery of that spirit which looks around in the world and believes that all is emptiness.—E. H. Chapin.

True Morality.

To give a man a full knowledge of true morality, I would send him to no other book than the New Testament.—Locke.

The Tax to Be Paid.

Fear is the tax that conscience pays to guilt.—Bewell.

The cook is all smiles,
The bread is light and gay,
A sack of Potts' Gold Dust Flour
Made them get that way.
